TRY YOUR APP

Hi Elysia

This is the first version of your booking app. It's a demo: no real payments, no emails, made-up clients, so try anything.

reform-pilates-seven.vercel.app

Tip: open the link on your phone, then in the browser menu tap **Add to Home Screen** to use it like an app. It updates by itself.

1 · BOOK AS A CLIENT about 3 minutes

1. Tap **Secure your spot**, pick a day and a class.
2. Sign in with any email. In the demo the code fills itself in, so just tap **Continue**.
3. Fill in your details once.
4. You'll be asked to get a package: open **Packages**, tap **Choose**, tick the box and **Request package**. You'll see the payment info (cash, Revolut or bank).
5. Mark that payment as received in the studio part (below), then come back and book a class.

To see a regular client, sign in as **elena@example.com**. She already has classes, bookings and a "book your usual" button.

2 · RUN YOUR STUDIO about 3 minutes

1. On the same link, sign in with **elysia.stephani@gmail.com** and the **studio password** we sent you separately.
2. **Today:** under *Awaiting payment*, tap how they paid (Cash, Revolut, Bank or Card) and their classes appear. Tap the circle next to a name to check someone in.
3. **Classes:** open a class to add someone from your DMs, remove someone, or cancel it (everyone is told and gets their class back). Set next month in **Monthly timetable**; close for holidays in **Holidays & closures**.
4. **Clients:** notes, give a class back, mark a student (10% off).
5. **Settings:** your studio and payment details. **Your texts** lets you rewrite your rules, policy and "about you" yourself. **Studio team** adds or removes who can open this part.
6. **Settings → Reset demo data** puts everything back to start, so you can try again.

3 · WHAT WE NEED FROM YOU

Tick what you've sent. Voice notes and screenshots are perfect.
