TRY YOUR APP

Hi Elysia

Your latest notes are in. This link is the **practice version**: made-up clients, no real payments, no emails. Try anything; you can't break it.

reform-pilates-seven.vercel.app

On your phone: open the link, then in the browser menu tap **Add to Home Screen** to use it like an app. It updates by itself.

WHAT'S NEW your latest notes

Clearer package names

Everywhere now says **"Reformer · 8 classes · 1 month"** (or 16 classes · 2 months), not "2 per week": My classes, awaiting payment, receipts and your studio side.

Waitlist, your way

"You're 1st on the waitlist...". A spot that opens **more than 1 hour** before class books the first person in with a credit from their package. In the last hour nobody is moved in.

Simpler pages

Home has no "Book your classes" box ("Book the same days every week" stays in My classes). The Studio page has no button. A Reformer package can't book Mat, and the class page says so.

Studio side

Fill rate shows just the percentage. Your name, **Elysia Stephani**, is at the bottom of every page. Waitlist spots can also go by **text message** once SMS is connected.

1 · TRY IT AS A CLIENT about 4 minutes

1. Tap **Secure your package**, choose Reformer or Mat and how many times a week.
2. Sign in with **any email**. In the practice version the code fills itself in: just tap **Continue**.
3. Fill in your details once (name, phone, date of birth, emergency contact and their relation), then the **health questions**.
4. Choose **Cash** or **Revolut**, tick the box and **Request package**. Mark it paid in the studio part (step 2), then book from the **Schedule**.
5. Look at **My classes**: your package reads "8 classes · 1 month", with **Book the same days every week** under it, and your past packages below.
6. Open a **full class** on the Schedule and tap **Join waitlist**: "You're 1st on the waitlist...".

7. Open a **Mat** class with a Reformer package: it explains the package is for Reformer only.
8. Tap **Studio** on the home page: *The Studio*, your photos, then your text. Nothing else.
9. Tap **Events**: *Brunch & Pilates* is blurred and says **Clients only**. You can't open it, even with a direct link.
10. Book an event, then look in **My classes**: events can't be cancelled in the app ("message the studio").

Sign in as **elena@example.com** to see a regular client with an active package: the brunch opens for her.

2 · RUN YOUR STUDIO about 6 minutes

1. On the same link, sign in with **elysia.stephani@gmail.com** and the **studio password** we sent you separately.
2. **Classes:** swipe the days, tap one, tap a class. Under **Clients** you see how each person booked, "added by studio", *No photos* / *No face*, and the heart for health answers.
3. **Monthly timetable:** it already says *Repeating every week*. To change the pattern, edit the times and save with a start date.
4. **Holidays & closures:** tap **Add a closure**, or confirm a suggested Cyprus holiday.
5. **Clients:** Active first, then Not active. Open **Elena**: packages, attended and no-shows (Reformer on top, Mat below), her current package, details and notes. Open **Maria**: *Health* shows her latest answers, with the earlier ones in a drop-down, and **Doctor's note received**.
6. **Adjust package** (on a client's page): extend, freeze, end earlier, add or remove classes, or give classes with their own end date (e.g. a missed holiday class). Each change is kept in the **Class ledger**.
7. **History** (on a client's page): open a package to see what was paid and when, a summary (attended, missed, cancelled) and every class.
8. **Events:** open *Brunch & Pilates* in Classes. Under **Who can see this event**, add someone without a package to let them see and book it.
9. **Stats:** this week and this month, Reformer vs Mat, fill rate by day, payments by method.
10. **Settings:** under Booking & cancellations, **Waitlist stops** (60 minutes before class) and **text people when a waitlist spot is theirs**.

In the practice version **Sofia Andreou** always has her birthday today: see the cake in Clients, open her page, change the words and send the birthday email.

3 · WHAT'S LEFT TO DO

Your real app is live at **book.reformpilatescy.com**, with emails working. It's separate from this practice version, so made-up clients never mix with real ones. Here's what's left before clients join.

You, in the real app (Settings)

- [ ] Sign in with your email (a code arrives by email)
- [ ] Studio address, phone and email for clients
- [ ] Your Revolut link, IBAN and the name on the account
- [ ] Check your package prices

You, your classes and photos

- [ ] Set your weekly timetable once (Classes → Monthly timetable)
- [ ] Upload studio photos and your logo (Settings → Photos)
- [ ] Add your first events, with pictures
- [ ] Write the few lines for The Studio (Settings → Your texts)

Quick questions (we used the answer in brackets for now)

- [ ] Someone booked in from the waitlist less than 6 hours before class gets 30 minutes to cancel for free. OK? (yes)
- [ ] Text messages for the waitlist cost about €0.05–0.10 each (Twilio). Go ahead? (email only for now)
- [ ] Someone with an unpaid trial booked: is that an active client? (yes)
- [ ] Freezing a package: should it also stop bookings during the freeze? (no, it only moves the end date)
- [ ] The birthday email wording: OK, or how would you say it?
- [ ] Past classes you didn't mark: count them as attended after the day? (no, they show "Not marked")
- [ ] Do you take clients under 18? Should a parent confirm? (allowed from 12, flagged "Under 18")

Us, before launch

- [ ] Have a lawyer read the Terms, Privacy and health consent
- [ ] Soft launch: 3–5 regular clients for a week
- [ ] Upgrade the hosting plan (about $20/month) before the link goes in your Instagram bio

Later, when you're registered

- [ ] Card payments in the app (online payments stay off until then)
- [ ] Ideas for later: gift vouchers, referrals, Greek / Russian

Your opinion

- [ ] What felt confusing or too much?
- [ ] Anything that doesn't sound like you?
- [ ] Anything missing before you'd use it with real clients?

Thank you! 💜 · Re·Form Pilates Studio
