TRY YOUR APP

Hi Elysia

This is the first version of your booking app. It's a demo: no real payments, no emails, made-up clients, so try anything.

reform-pilates-seven.vercel.app

Tip: open the link on your phone, then in the browser menu tap **Add to Home Screen** to use it like an app. It updates by itself.

WHAT CHANGED FROM YOUR NOTES

- Your **logo** on top (cut from Instagram for now) and the button **Secure your package**, which opens your packages and prices.
- Clients choose **Cash or Revolut**; you mark it paid and the classes appear.
- **Trial** (first class only) and **Drop-in** on every class for people without a package.
- Book **one by one**, or the **same days every week**: the app keeps booking them while the package lasts.
- Three colours everywhere: **pink** booked, **purple** spots left, **light pink** full (join waitlist).
- **My classes** shows the current package (dates, classes left) and past packages with progress like 6/8.
- **Account**: name, surname, date of birth, goal, emergency contact, injuries, medication, photo choice, receipts.
- New circles: **Studio** (your photos by room, plus The Magic), **Events**, **Rules & policies**. Back buttons on every inner page.

1 · BOOK AS A CLIENT about 3 minutes

1. Tap **Secure your package**, pick Reformer or Mat and how many times a week.
2. Sign in with any email. In the demo the code fills itself in, so just tap **Continue**, then fill in your details once.
3. Choose **Cash** or **Revolut**, tick the box and **Request package**.
4. Mark it paid in the studio part (below), then come back: book a class from the **Schedule**, or tap **Every week** on the home page.
5. Or open any class without a package and try **Book your trial**.

To see a regular client, sign in as **elena@example.com**: a current package, a finished one (5/8) and receipts.

2 · RUN YOUR STUDIO about 3 minutes

1. On the same link, sign in with **elysia.stephani@gmail.com** and the **studio password** we sent you separately.
2. **Today:** under *Awaiting payment* you see how each client said they'll pay; tap how they paid and their classes appear. Names show *First class*, *Trial*, *Drop-in* and *No photos*. Tap the circle to check someone in.
3. **Classes:** open a class to add someone from your DMs, remove someone, or cancel it (everyone is told and gets their class back). Set next month in **Monthly timetable**; close for holidays in **Holidays & closures**.
4. **Clients:** notes, give a class back, mark a student (10% off).
5. **Settings → Photos:** upload your logo, photos for each room, your portrait and event photos. **Package prices** are a simple grid you can edit.
6. **Settings:** your studio and payment details. **Your texts** lets you rewrite your rules, policy and "about you" yourself. **Studio team** adds or removes who can open this part.
7. **Settings → Reset demo data** puts everything back to start, so you can try again.

3 · WHAT WE NEED FROM YOU

Tick what you've sent. Voice notes and screenshots are perfect.
